*To Consider:*

- Are your constituents interested in improving public transportation in Collin County?
- Are they interested in more efficient and reliable public transportation to work, medical appointments, school or shopping?
- **Do you, as an elected official, wish to be part of the solution?**

If your answer is "yes" to any of these questions; The Board of Collin County Committee on Aging requests your attendance to discuss the "initial steps" required to realize the goal to improve public transportation.

As a stakeholder, the Board is asking you to consider being one of the members of a New Transportation Board which, by state law must be comprised of nine (9) elected officials or their appointed representatives. The new board members will:

- Establish by-laws
- Decide on the name if a change is desired by the new Board
- Develop/publish Articles of Incorporation
- Determine the future of public transit in Collin County
- Review all policies (administrative, operational and financial)

*Who establishes?*  
*8/28/12*  
*Transportation Code*

The meeting will include a thorough explanation of the final objective and the process involved to reach that goal by a First Transit Consultant and McKinney's former Mayor, Bill Whitfield; followed by a question and answer session.

We look forward to seeing you at this important meeting,

*H. Wayne Rock*
