Re: NTMWD Recycling Agreement

Since 2005, Public Works has sponsored a recycling bin at the S.H. 121 Landfill as part of a cumulative effort to encourage responsible waste disposal among County residents. The compartmentalized bin provides a convenient means for rural residents without organized trash service to dispose of recyclables such as plastic, cardboard and box at no cost. PW and S.O. staff believes this environmentally friendly alternative also reduces the incidence of illegal dumping throughout the County.

The interlocal agreement typically continues for a period of one year, coinciding with our fiscal year. The cost to maintain the bin at the Landfill for the term of the ILA is \$7,200.

Given the appreciable benefits associated with sponsoring this bin, Public Works requests the Court's consideration and approval to continue the Inter-local Agreement with the NTMWD. The term period of this Inter-local will be October 1, 2012 through September 30, 2013.

Should you require additional information, please contact me and I will respond accordingly.
