Re: City of Nevada – Interlocal Recycling

Public Works is requesting the Court's consideration and approval to continue the Interlocal Agreement with the City of Nevada pertaining to the recycling program. The term period of this Inter-local will be October 1, 2012 through September 30, 2013.

The compartmentalized recycling container is located at 424 F.M. 6 and is monitored by the City of Nevada. The recycling container provides the residents of Collin County a convenient way to dispose of their recyclables. The cost for maintaining is approximately \$14,400.00 per year.

The recycling program (container) allows those without service to recycle a means to dispose of those items. This keeps citizens from illegally dumping and cross contaminating trash.

Should you require additional information, please contact me and I will respond accordingly.
