Re: Budget Amendment Request for eCitations Project

Information Technology is requesting approval of a Budget Amendment for the eCitations Project originally approved in Commissioner's Court on 03-19-12. The amendment is required due to a change in the project that will purchase Utility Rocket Modems instead of using a second aircard to support the 15 eCitations ticket writers.

This Budget Amendment does not seek any additional funds for the project, just the movement of funds previously approved by Commissioner's Court.
