RE: 1033 Surplus Property Application brief summary

On May 1st, 2013, Chief Missildine and I spoke with Judge Self regarding the 1033 Federal Surplus Property program which is available to any and all law enforcement organizations. This program makes surplus items not being used by the federal government available for use by law enforcement organizations. The items range from furniture and desks, computers, first aid supplies, to small portable buildings. Judge Self gave his verbal approval that he would approve and sign the application for our office, as well as the other three Constable offices to join the program. This program will allow our offices to obtain needed equipment at little to no cost to the county and tax payers. We pray the distinguished members of the Collin County Commissioners Court will approve Judge Self to sign the application and approve our participation in this important and money saving program. Thank you for your time and consideration in this matter.

Respectfully,

Constable Joe Wright
