**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable County Judge
and Commissioners' Court
Collin County, Texas

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Collin County, Texas (the "County") as of and for the year ended September 30, 2012, which collectively comprise the County's basic financial statements and have issued our report thereon dated March 31, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the County is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are to be required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, others within the County, and appropriate federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Pattillo, Brown & Hill, L.L.P.

March 31, 2013

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT
ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND
THE STATE OF TEXAS UNIFORM GRANT MANAGEMENT STANDARDS**

To the Honorable County Judge
and Commissioners' Court
Collin County, Texas

Compliance

We have audited the compliance of Collin County, Texas, (the "County") with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal and state programs for the year ended September 30, 2012. The County's major federal and state programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*, and the *State of Texas Uniform Grant Management Standards* ("UGMS"). Those standards, and OMB Circular A-133 and UGMS, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining on a test basis, evidence about the County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2012.

Internal Control Over Compliance

The management of Collin County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and UGMS, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of control deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Collin County, Texas, as of and for the year ended September 30, 2012, and have issued our report thereon dated March 31, 2013, which contained unqualified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements as a whole. The Schedule of Expenditures of Federal and State Awards is presented for the purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*, and the *State of Texas Uniform Grant Management Standards* and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The purpose of this report is solely to describe the scope of our testing of compliance with the types of compliance requirements applicable to each of Collin County, Texas's major programs and our testing of internal control over compliance and the results of our testing, and to provide an opinion on Collin County, Texas's compliance but not to provide an opinion on the effectiveness of Collin County, Texas's internal control over compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in Collin County, Texas's compliance with requirements applicable to each major program and its internal control over compliance. Accordingly, this report is not suitable for any other purpose.

Pattillo, Brown & Hill, L.L.P.

COLLIN COUNTY, TEXAS

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

SEPTEMBER 30, 2012

1. GENERAL

The accompanying Schedule of Expenditures of Federal and State Awards presents the activity of all applicable federal and state awards programs of Collin County, Texas. The County's reporting entity is defined in Note 1 of the basic financial statements. Federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, are included on the Schedule of Expenditures of Federal and State Awards.

2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal and State Awards is presented using the modified accrual basis of accounting. The modified accrual basis of accounting is described in Note 1 of the basic financial statements.

Findings Related to the Financial Statements Which are Required to be Reported in Accordance With Generally Accepted Government Auditing Standards

None noted.

COLLIN COUNTY, TEXAS

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS

SEPTEMBER 30, 2012

Findings Related to the Financial Statements Which are Required to be Reported in Accordance With Generally Accepted Government Auditing Standards

Item 2011-01:

Condition: While reviewing bank reconciliations, we noted that several agency fund reconciliations were not accurately completed and did not agree to the account balances on the general ledger.

Effect: By not preparing bank reconciliations correctly, the County may not have an accurate picture of its cash balances at the end of each month. Also, a bank reconciliation that does not agree to the general ledger may indicate that funds are being misappropriated.

Cause: The primary cause of this condition is poorly designed procedures. Department heads complete bank reconciliations and some of them may not have adequate training on how to reconcile bank balances to general ledger balances. Also, their work is not normally reviewed by the Internal Audit Department.

Recommendation: We recommend bank reconciliations be initially prepared by an employee lower than the department head and then reviewed by the department head for accuracy. Employees charged with preparing bank reconciliations should be properly trained and should prepare the reconciliation as soon after the end of each month as possible. Also, the Internal Audit Department should review bank reconciliations on a sample basis and review all bank reconciliations at fiscal year-end.

Management's Response: This issue was caused in part by an issue with our new court computer system as well as training issues and changes in management. There was no misappropriation of funds. Procedures that will prevent this from reoccurring have been implemented. This had no impact on grant funds or funds controlled by the Treasury but only misstated some bank account balances in the general ledger for accounts controlled by other County officials.
