Tracy Homfeld

Director of Engineering

For information:

Jeff May

Shela Vinson

County Auditor

Audit Manager

Audit Report
ENGINEERING
JANUARY 1, 2014 – APRIL 22, 2014
Report Summary

As part of the 2014 Compliance Audit Plan, an audit of the Engineering was conducted in accordance with Texas Local Government Code §115.002.

The overall objective of the audit was to provide assurance that internal controls are in place to ensure:

- The officer has collected all the money they are obligated to collect
- The money collected was properly remitted to the appropriate party
- All funds are properly managed
- All money is properly accounted for, accurately reported, and adequately safeguarded
- The operations of the office conform to prescribed procedures
- Exposure to potential risk is minimized

The audit scope included an audit of banking, cash receipts and internal controls. The time period audited was January 1, 2014 through April 22, 2014.

The results of the testing of the controls and transactions did not disclose any instances of non-compliance within the scope of the audit. However, the audit was not intended to provide absolute assurance there are no procedures, activities, or controls that could be strengthened. The objective was to provide reasonable assurance County assets are safeguarded and appropriately managed.

An exit conference with the Director of Engineering was held on Tuesday, July 15, 2014 to discuss this report.

The time and assistance provided by the Director of Engineering and the staff during this engagement is greatly appreciated.
