- a. AI-37921 Disbursements for the period ending February 4, 2014, Auditor.
H.C.F RESOLUTION NO. 2014-2013-02-10
- b. AI-37907 FY2014 Health Care Advisory Board funding recommendations to various non-profit organizations, Health Care.

Trustee Hill pulled the item to ask Candy Blair, Healthcare Services, for her professional recommendation as to whether it would be better if Project Access-Collin County (PACC) were utilized to provide health care services rather than adding this to the non-profits primary missions. Ms. Blair provided the Court with a brief background on funding for non-profit organizations. In 2007 the Commissioners' Court set program guidelines and rules to mirror the Indigent Health Care Program. It was also determined that \$200,000 would be set as the amount budgeted to invest yearly in non-profit organizations. Non-profit organizations may request funding for their agency once each year. Applicants present their request to the Health Care Advisory Board. Board members review each applicant as well as visit each organization to ensure they will be in compliance with grant regulations. The Board then makes recommendations to the Court for approval.

This year there was \$44,480 of grant funds requested for acute health care services. PACC would be ideal for long-term care needs but currently is not open to the general public. When PACC opens its doors to the general public, Health Care Services will come to Court and express the need is no longer necessary. At the present time this is a great opportunity to address the acute care needs of individuals thereby lowering the number of emergency room visits. This saves the County thousands of dollars per patient. Ms. Blair felt certain the Board had performed due diligence with this year's applicants and felt it necessary to continue to support the non-profit organizations in funding the acute health care grants. A motion was made to approve this item. (Time: 3:14 p.m.)

Trustee Webb was concerned with the retroactive amendments to the contract. He asked Ms. Blair if signing the agreement could cause any changes that could place the County at default or cause a compliance problem. Ms. Blair stated there will not be any issues for the County. There being no further discussion, a motion was made to approve the item. (Time: 3:15 p.m.)
