Re: Transfer of funds from Asset Forfeiture account to Lease Vehicles account line

We ask the court's approval to transfer \$29,500 from our Asset Forfeiture funds to our Lease Vehicles account line to meet the second half of the budget year's cost of vehicles leased used in investigative assignments. Each year the costs for those vehicles has been met by budgeting the first six months of the year in our Sheriff's Office budget and the last six months from forfeiture funds.
