TO: Commissioners Court
FROM: Judge John E. Payton
DATE: May 22, 2015
SUBJECT: Budget Amendment

An increase is needed for the Operating/Monitoring Services in the use of ankle monitoring in order to pay for iCare Solutions thru September 30, 2015. Current balance owed is \$4620.00 with a current balance of approximately \$1860.32 and an estimated future incurred costs thru September 30, 2015, of an additional \$5000.00 for a total amount requested of \$7760.00. The reason the court is asking for this amount is due to the fact more truants are in need of an ankle monitor because of arising issues with discipline.
