RE: Request Use of Open Space Bond Funds to Complete Stall Barn & Show Barn Improvements

During the FY 2016 Budget Workshop, two Permanent Improvements Projects (PIP's) were presented to Commissioners for consideration. As part of the discussion, the question was raised as to whether or not these two items could be funded through Parks and Open Space Bond Funds.

After consulting with our bond attorney and Collin County Auditor, it has been confirmed that Open Space Bond Funds can be used for these improvements.

1. Stall Barn Reconfiguration \$400,000
Reconfigure the West end of the Stall Barn by removing 54 stalls, replace all dirt areas on west end with brushed concrete to create a solid surface, replace 54 electrical outlet boxes in the stalls with hanging receptacle boxes like in the Show Barn, replace one roll up door with a wider industrial roll up door to accommodate free movement of equipment, tables, etc. Cost includes any necessary design or engineering.
2. Show Barn Upgrade \$150,000
Add an additional 80 hanging electrical outlet receptacle boxes, with two outlets each; to existing system in the Show Barn. Cost includes any necessary design or engineering.

Myers Park & Event Center is requesting Commissioners Court's approval to use Parks and Open Space bond funds to complete both projects.

We will be available to answer any questions you might have regarding these improvements.
