We will have security ready.

Thanks,

*Captain Bryce Thompson

We see no reason to hold it up as long as Captain Thompson has the security ready to go.

Here is the parking map, the course has changed a little but is all on our property. Let me know if they need to do anything else.

Thank you,
Judy

Can you send me the route map again? We have a couple of other events that day just want to make sure they don't cross each other's paths.

I hate to rush each of you, but I am in need of approval emails for the date change as soon as you can send my way. I am planning to head to Commissioners Court November 16th.
Thank you,

Judy Florence

Thank you all for your letters for the October 24th Mass Gathering Application. Unfortunately we were unable to hold the event due to lots of rain all weekend.

The Color Fun Fest has requested to reschedule to **Saturday, December 5th**. I do not need another formal letter; however, I do need an email from each of you approving the new date.

Thank you,

Judy Florence

Hello all,
ColorFun Fest 5K has held events here before, not needing a mass gathering permit. They originally had an event scheduled for April 11, 2015 (as the contract states) and had to cancel due to bad weather. They have rescheduled for **October 24th, 2015** and are filing for a Mass Gathering permit.

Thank you,

Judy Florence
