**Subject:** RE: Collin County Easement Request for Lavon Lake

No survey or administrative fees are required if Collin wishes to terminate. All is required is a formal letter from Collin County notifying the Corps of the elected decision to terminate and of course restoration of the easement footprint as described in your previous email. Once restoration is complete Mr. Kinard will inspect the restoration efforts and if satisfactory, the lands will revert back to the Corps and no further action would be required from Collin County.

Thanks,

Andre Pharms
