**Re:** Change Order for Courtroom Audio Equipment Project

The Collin County Information Technology department requests approval for the change order. This change order is needed because the current Biamp amplifier that is being installed is no longer being sold. There are still 7 amplifiers that are needed to finish this project. This product will be replaced with the current county standard Biamp amplifier. Listed below are the items needed to complete the project.

7 Biamp Tesira  
14 Biamp Tesira EIC-4 input cards
