TEXAS
JUVENILE JUSTICE
DEPARTMENT

From the Office of Probation and Community Services

Good morning,

First, thank you for your willingness to be an active part of regionalization. Together we can work to improve treatment opportunities all over the state. Your participation also allows us the chance to keep youth closer to their homes. Including the families when possible is another positive step in giving our youth a better chance for success.

I am pleased to inform you that your request for additional regionalization startup funds was approved in the amount of \$3,338.00.

Instructional curriculum, workbooks	\$ 3,338.00
-------------------------------------	-------------

Please review your submission to identify any changes from your proposals and the awarded amounts. If you have any questions, please do not hesitate to call.

Please note goods must be ordered on or before November 30th, 2016. Services must be completed on or before the same date, November 30th, 2016.

You will be called this week to tell you when the Amendment will be available in grant manager.

Thank you.
