RE: APAC-Texas, Inc. Name Change

Dear Susan Fletcher:

We are pleased to notify you that APAC-Texas, Inc., is in the process of an important internal and external rebranding effort in which our corporate entity name will change from APAC-Texas, Inc., to **Oldcastle Materials Texas, Inc.** The change will become effective on November 7, 2016.

This change will not impact you or the way you do business with us in any significant way; rather, its purpose is simply to help better align the internal divisions of our group geographically with our corporate organization, Oldcastle Materials. In short, you'll continue to work with the same people you always have, and we will continue to provide the same dependability and excellent customer service that you are accustomed to.

As we prepare to implement this rebranding project, we respectfully request your assistance in identifying any requirements needed in order for us to continue to bid on projects in Collin County following this name change. Such requirements may include updating qualifications or other paperwork, bidding procedures or signatories, and bonds or insurance certificates. It is important to note that **while our name will change as a result of this rebranding, our federal employer identification number will not.**

We will make every effort to minimize any disruption to you, and will ensure that the process goes as smoothly as possible following the change of our corporate entity name.

If you have any questions, please feel free to contact Steve McConathy at 972-248-2492. We are here to assist you with this process, and ensure that the transition is as seamless as possible. We appreciate you working with us as we proceed forward.

Yours sincerely,

Texas Bit
