Deputy Chief Clark,

We were recently notified by Texas Department of Public Safety that all agencies will be required to upgrade their existing AFIS equipment in order to maintain their connectivity to the State. Unfortunately, we received this notification after the FY17 budget had commenced and must purchase and install the new equipment by August 2017. It appears that we will need to ask the Commissioners' Court for a budget amendment/adjustment in order to purchase the equipment by the stated deadline. I spoke with Budget about the issue briefly and Marie informed me that we would need an account from which to deduct the funds from our budget, in the amount of \$43,365.00. If you can provide me an account number, I can work with Budget to get the request on the Court Agenda.

Dear Mark Sanderson:

For the past several months, the Texas Department of Public Safety has been implementing upgrades to the state AFIS. With the finalization of upgrades for tenprint processing, our attention is now being turned to the upgrade for latent print processing.

The implementation of this upgrade calls for remote site latent workstations to be upgraded and replaced with new equipment. Firewalls, routers, and phone lines should not need to be upgraded or replaced with this project; only the latent terminals. Agencies will be required to upgrade their workstations in order to maintain their current connections to DPS. To allow agencies a sufficient amount of time to make arrangements for purchasing and installing the new equipment, DPS will maintain a method for the current latent terminal to connect for as long as possible. At this time, there is not a definite termination date for the current system, but that information will be sent out as soon as it is available.

Please take a moment to review the enclosed information sheet, and make sure that the information on file for your agency is accurate. It is imperative that contacts, phone numbers, and email addresses are up to date, so communication of additional information can be sent to the agencies in a timely and efficient manner.

Agencies desiring to upgrade their workstation should begin making plans to do so. Purchasing and installation information for the new equipment can be obtained from NEC Corporation America, by contacting either Vishnu Gangumalla or Tony Fehr. Their contact information is:

## Integra-ID AFIS/MBIS Bandwidth Requirements

### Introduction

AFIS/MBIS applications utilize bandwidth on an on-demand basis. Normal, idle operations require minimal bandwidth for connectivity checks to the central server, job queue updates, etc. Usage bandwidth is characterized by peaks of activity dependent upon the operation (scanning a tenprint card, viewing a list of candidates, etc). Additional factors include fingerprint image resolution (500ppi vs. 1000ppi) and search throughput design.

### Bandwidth Requirements

The following chart illustrates the bandwidth required along with illustrations of the necessary backbone type. Figures given are dedicated bandwidth allocations per device. These requirements are the minimum necessary bandwidth for a productive user experience; additional bandwidth will enhance performance accordingly.

Remote Product Type	500ppi	1000ppi
Fingerprint Workstation (Latent, Tenprint, Palm, Archive*)	1.5mb (T1)	4mb (Bonded T1,
IntegralD DS (Desktop AFIS to AFIS connection)	1.5mb (T1)	4mb (Bonded T1, Fractional DS3)

Central Site Product Type	500ppi	1000ppi
Fingerprint Workstation (Latent, Tenprint, Palm)	100mb Fast Ethernet	1gb Ethernet
Inter-AFIS server communication**	1gb Ethernet	1gb Ethernet
Central Site Remote Connection (inbound/outbound traffic to remotes***)	10mb (Bonded T1, Fractional DS3)	25mb (DS3/T3)

\*Archive usage is based upon average document sizes of 700kb.

\*\*Inter-AFIS server networking is provided by NEC; all other networking costs are the responsibility of the customer.

\*\*\*We can support up to 12 workstations for the 10MB(500ppi)/25MB(1000ppi). If the device count exceeds that, the line speed needs to be increased in proportion with the # of workstations.

## General Terms and Conditions of Quotations and Sale

**1. GENERAL** The General Terms and Conditions ("Agreement") contained herein shall apply to all quotations and offers made by and purchase orders accepted by NEC Corporation of America ("NEC"). These Terms, including terms referenced in any Appendices and/or Exhibit, if any, apply to all NEC Products which customer acquires from NEC, except to the extent that Terms conflict with an existing contract where those terms and conditions (signed by NEC and customer) shall take precedence over this document. As used herein, "NEC Product(s)" means any NEC software and/or services provided by NEC under this Agreement, including maintenance, professional, or other related services. Acceptance of customer's purchase order is conditioned upon customer's acceptance of the terms and conditions herein, irrespective of whether the customer accepts these conditions by a written acknowledgement, by implication, or acceptance and payment of products ordered hereunder. NEC's failure to object to provisions contained in any communication from customer shall not be deemed a waiver of the provisions herein. Any changes in the terms contained herein, or any additional or different terms must specifically be agreed to in writing, and signed by an authorized representative of NEC before becoming binding on either party. For the purposes of this Agreement, an "Order(s)" means a written binding document outlining additional or different terms covering a specific transaction; such terms shall be contained in a Statement of Work ("SOW"), purchase order, NEC quotation or addendum (together, either collectively or individually, with this Agreement, referred to as an "Order"). NEC reserves the right to reject any Order which is not credit-approved or does not conform to the provisions of this Agreement.

**2. PRICE, TAXES AND PAYMENT** Unless otherwise expressly agreed to by the parties in writing, all payments are due within thirty (30) days from the date of an invoice. Unless otherwise agreed in writing, all payments are to be in United States dollars. If customer fails to pay the undisputed portion of any invoice within the time specified, NEC may charge customer interest equal to the lesser of 1.5% per month [eighteen percent (18%) per annum] or the maximum rate allowed by law on such undisputed portion. NEC's provision of products and services is subject credit approval for each transaction. Customer understands that any information obtained by NEC from any third party credit bureau for the purpose of verifying customer's credit worthiness will be held in confidence and will remain the property of NEC, whether or not credit is extended. In the event that NEC is required to bring legal action to collect delinquent accounts, customer agrees to pay reasonable attorneys fees and costs of suit.

All prices are exclusive of any present or future sales or other tax applicable to the manufacture or sale of any product, if required to be collected or paid by NEC shall be paid by Buyer to NEC. Such taxes, when applicable, shall be paid by customer unless customer provides a proper tax exemption certificate. Unless otherwise agreed to in writing by the parties, prices quoted by NEC are those current at the date of quotation and shall be subject to variation by NEC. Customer acknowledges that this purchase may constitute a bundled transaction or mixed transaction for sales tax purposes and, as such, may be fully subject to sales tax. If claiming a sales tax exemption, customer must provide NEC with valid resale certificate(s) for all jurisdictions where deliveries are made to End Users. Such certificates must be provided to and accepted by NEC prior to, or at the time of, NEC's receipt of the customer's Order. "Licensed Customer" and/or "End User" means an entity who has purchased and licensed from customer, the NEC software product for its internal business purposes and not for resale.

**3. LIMITATION OF LIABILITY** EXCEPT AS AND TO THE EXTENT PROVIDED IN THIS AGREEMENT, NEITHER NEC NOR ANY OF ITS DIRECTORS, OFFICERS, EMPLOYEES, AFFILIATES OR OWNERS WILL IN ANY CIRCUMSTANCES BE LIABLE FOR ANY OTHER DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION OR OTHER INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL LOSS) ARISING OUT OF THE USE, OR SUPPLY OR NON-SUPPLY, OF THE NEC PRODUCT AND ANY ACCOMPANYING NEC TECHNICAL DATA REGARDLESS OF THE BASIS OF THE CLAIM AND EVEN IF NEC, OR AN AUTHORIZED REPRESENTATIVE OF NEC HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. NEC'S TOTAL LIABILITY UNDER ANY PROVISION OF THIS AGREEMENT AND/OR ORDER IS, IN ANY CASE, LIMITED TO THE AMOUNT ACTUALLY PAID BY CUSTOMER TO NEC FOR THE NEC PRODUCT UNDER THE ORDER GIVING RISE TO THE CLAIM.

**4. INDEMNITY** NEC agrees to indemnify, defend and hold harmless customer from all demands, claims, actions, causes of action, proceedings, assessments, losses, damages, liabilities, settlements, judgments, fines, penalties, interest, cost and expenses (including fees and disbursements of counsel) arising from or relating to any actual or alleged infringement or misappropriation of any United States patent, copyright, or trademark arising from or in connection with the NEC software licensed under this Agreement, provided that: (a) NEC is notified promptly in writing of the Action, (b) customer gives NEC (or the software manufacturer or service provider, as

This indemnity shall not apply to any claims or suits concerning: (a) items manufactured by NEC at customer's request and according to customer's specifications, (b) use of software and/or Services in a manner or for a purpose not contemplated by this Agreement, (c) equipment or software used by customer in conjunction with the equipment, but which was not supplied by NEC, or (d) commercial merchandise available on the open market or its equivalent. The foregoing provisions state the entire liability and obligations of each party, and the exclusive remedy of the other, with respect to any alleged intellectual property infringement hereunder.

NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY NEC SHALL CREATE A WARRANTY AND CUSTOMER MAY NOT RELY UPON SUCH INFORMATION OR ADVICE, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF SATISFACTORY QUALITY, AND NON INFRINGEMENT. Re: Request from Texas DPS to upgrade Collin County Sheriff's Office AFIS workstation

Sir, this memo is submitted to provide you with the information you requested on December 13, 2016 regarding a potential budget amendment to the Commissioners Court.

As you are aware, the Collin County Sheriff's Office received a letter from the Texas DPS in October 2016 that outlined certain upgrades to the Texas DPS Latent Fingerprint Database (see attached letter). The letter states that law enforcement agencies will be "required to upgrade their workstations in order to maintain current connections to DPS." In order to avoid any potential interruptions of service, the funds necessary for the upgrade to the Collin County Sheriff's Office AFIS workstation must be submitted to the NEC Corporation of America by August 1, 2017.

In order to provide you with the information you requested, I contacted NEC and learned the following:

- Costs associated with the upgrade based upon the NEC quote:
  - IBW Upgrade Solution Price \$ 36,300.00
  - Maintenance Support (for the first year) \$ 7,065.00
  - Total (including NEC installation) \$ 43,365.00
- The Sheriff's Office will be responsible for scheduling the date for the installation upgrade:
  - NEC will provide the necessary software, peripherals and installation.
  - An NEC engineer will come to the Sheriff's Office and will perform the install which should take approximately 4 hours to complete.

Collin County IT has reviewed the NEC quote and has assured me that no additional funds will be needed on their end for the upgrade. IT has indicated that they do not have any funds to assist us with this upgrade.

A review of the current Collin County Sheriff's Office budget indicates that a budget amendment may be necessary at this time in order to satisfy the request from Texas DPS to upgrade the Collin County Sheriff's Office AFIS workstation.
