Re: Farmersville ISD Police request

Public Works recently received an inquiry from James Caviness, Police Chief of the Farmersville ISD Police Dept, regarding the availability of surplus police equipment. Specifically, he requested Collin County to donate or sell the following items:

- 1 LED light bar for a Crown Victoria
- 1 Rear Deck Light assembly for a Crown Victoria
- 1 Front push bumper with integrated LEDs
- 2 radar units

After evaluating our inventory, we determined we could fulfill the first two requests. We have light bars and rear light assemblies designated for surplus which will either be stored or destroyed. As a general practice, the County does not currently auction police equipment to the public.

Public Works requests Commissioners Court's consideration and approval to donate 1 LED light bar compatible with the Crown Victoria and 1 rear deck light assembly to the Farmersville ISD Police Dept. Should you require additional information, please contact me and I will respond accordingly.
