RE: Election Management Services from Dominion

Dominion Voting owns the Intellectual Property of our voting system, Premier Election Systems, and provides support and updates for our system through an assigned contract for these services (per Court Order 2010-750-09-20). Attached is prior approval for an exemption to the bid process per VTCA Local Government Code 262.024 (a) (7)(A) "an item that can be obtained from only one source."

Commissioners Court approved a Project Management solution for election tasks for six elections in FY16. The Project Management solution for the six elections has been successfully completed and the Elections Department requests approval to continue service with Dominion Voting for the 2017-2018 elections. Attached are the seven elections that the Elections Department is asking for sole source approval for election services.

Thank you for your consideration.

RE: Election Management Services from Dominion

This memo is to respectfully request the Judge's prior approval for an exemption to the bid process per VTCA Local Government Code 262.024 (a) (7)(A) "an item that can be obtained from only one source."

Dominion Voting owns the Intellectual Property of our voting system, Premier Election Systems, and provides support and updates for our system through an assigned contract for these services (per Court Order 2010-750-09-20).

In addition to these services, Dominion Voting can provide various elements required for election processes for each election cycle; budgeted and paid for from the Elections General Fund and Contract Fund.

Commissioner's Court approved a Project Management solution for election tasks for the next six elections. These tasks are itemized in the attached quote for FY16. We are asking for sole source approval of these tasks as it relates to election services in Collin County

Thank you for your consideration.
