Re: "TAGITM 2017 Press Release for Excellence Award - Paperless Initiative"

The Information Technology Department would like to inform Commissioner's Court that the IT Departments – Operation Team/Supervisor David McCurdy was awarded through 2017 TAGITM Excellence Award Program an award for "Paperless Initiative". Our IT Department is very proud of their success and wanted to recognize this achievement through court. Award submission and press release information has been attached for your review.
