Re: RFQ for Professional Services, Engineering, Improvements to  
Various County Roads - Solicitation 2017-221

The Engineering Department requests Commissioners Courts authorization to request qualifications from engineering firms interested in providing design services required to upgrade the existing asphalt parking areas and connecting drives at Myers Park.

Design and construction of this project will be funded from 2007 Open Space Bond Funds and we will be available to answer any questions you might have regarding this matter.
