Re: Interlocal Agreement for E9-1-1 Service, Equipment, Addressing and Database Maintenance

I am submitting this extension of the current agreement between North Central Texas Council of Governments and Collin County for E9-1-1 Service, Equipment, Addressing and GIS/Database Maintenance, as prescribed by the Commission on State Emergency Communication (CSEC). This extension will be until the creation of the regional emergency communication district is completed. Once the district is created then a new Interlocal agreement will be executed.
