Re: CR571 Visibility Issue

Public Works requests Commissioners Court's consideration and approval to remove trees on private property. The area in question is situated on CR571 near FM1377 (see attached map).

At the location County Road 571 curves 90 degrees, trees and vegetation have partially obscured visibility for motorists and could represent a potential safety hazard. Public Works contacted the property owner who consented to PW crews clearing the obstruction to restore line of sight visibility for approaching traffic.

Should you require additional information, please contact me and I will respond accordingly.
