Public Works recommends award of bids to the low bidders meeting specifications for Lease Equipment: Road Construction and Right-of-Way Maintenance Equipment as per the attached spreadsheet.

This contract covers leasing of various pieces of equipment which may be needed in the event that one of our critical pieces is down, or should we need additional equipment to complete a project, or an occasional lease of equipment that is needed for a special application or project.

Should you require additional information, contact me and I will respond accordingly.
