# THE S.H.E.R.I.F.F FUND

The Collin County Sheriff's Office has experienced it's share of tragedies in recent years. Some of these include:

Employees home burglarized at Christmas with no means to replace their children's gifts.  
Homes destroyed by fire, flood and tornado .  
Stricken with cancer or other serious illness and no way to pay the bills.  
Loss of a close family member or child with no way to cover expenses.

## HOW DOES THE S.H.E.R.I.F.F FUND HELP IN A CRISIS?

Rather than scrambling to raise money for relief efforts after the fact, we created a 501(c)3 entity whose sole purpose is to give immediate emotional and financial support to our Collin County Sheriff's Office employees affected by unexpected tragedies. Seeking financial support from those in the communities we serve is an integral part of making The S.H.E.R.I.F.F. Fund a success.

## HOW DOES THIS HELP THE CITIZENS OF COLLIN COUNTY?

Your support for The S.H.E.R.I.F.F Fund allows 517 Sheriff's Office employees to care for one another, and their families, during times of crisis. Maintaining a benevolent fund such as this allows us to focus on the job that we love, protecting others, instead of dealing with the financial distractions and stress that can too often accompany a personal tragedy. Deputies, dispatchers and detention officers are taught from day one to focus on the emergency at hand, and limit those distractions, which might interfere with their ability to provide the service that our citizens have come to expect and deserve. We have learned that creating a safety net to assist our employees when a personal tragedy strikes, helps to quickly put them back on their feet and focus on the important work they are sworn to do.
