

Attachment B - Pre-Bid Questions and Clarifications

IFB 2017-281, Collin County Jail, Book-In Millwork Replacement

- 1.) Power Pole at Sergeant's Desk- Yes the drawing A2 detail 1 has a note directing the contractor to provide and install a new power pole to the Sergeant's desk.
- 2.) Carpet at Sergeant's Desk- There will be 18 to 24" of carpet required on the south side of the Sergeant's Desk.
- 3.) To clarify, the submittals will be submitted for architect review prior to issuing the notice to proceed.
- 4.) To clarify, all subcontractors require background checks and must be listed on the bid form, Section 004100
- 5.) Dumpsters and Storage Pods are mentioned on page A1 note 8. To clarify, the dumpster will be placed outside the south man door (with Sheriff's Office approval).
- 6.) The requirement for contractors to install the new power and data is on page A1 note 11. Additional notes on other pages mention power and data requirements.
- 7.) To clarify, contractor parking will be located at the truck dock to the north of the building. The SALLY Port vehicle access will be for loading and unloading tools and/or materials only.
- 8.) To clarify, the County will provide the paint, base and carpet material required to patch the finishes at the alternate base cabinet removal and floor patch at Sergeant's Desk.
- 9.) All visitors entering into the facility must sign in and receive a visitor ID badge. These badges must be returned at the end of business the same day. Contractors working on the site everyday will require a contractor's badge that will be returned when the project is complete.
- 10.) Permitting and/or City of McKinney contractor registration will not be required for this project.
