Re: List of Payables That Can Be Released Without an Early Release

Statute requires all payables to be approved by Commissioners Court before being released; however, in some instances it is to the benefit of the County to prevent delays in payments. Attached is a list of payables that are normally early released and ratified by the Court at the next meeting. There were no updates or changes for this year. Please approve this list of payables that can be early released and bypass the early release procedures.
