NOTES:

- All lots must utilize alternative type On-Site Sewage Facilities.
- Must maintain state-mandated setback of all On-Site Sewage Facility components from any/all easements and drainage areas, water distribution lines, sharp breaks and/or creeks/rivers/ponds, etc. (Per State regulations).
- Due to the presence of a large, adjacent drainage feature, a pre-planning meeting with Professional Engineer/Registered Sanitarian and Development Services is recommended prior to lot development/improvement on Lots 2D and 3D.
- There were no permitted/approved existing structures or OSSFs on the property at the time of approval. Any existing structures or OSSFs must be reviewed and permitted by Collin County Development Services prior to any use.
- Tree removal and/or grading for OSSF may be required on individual lots.
- There are no water wells noted in this subdivision and no water wells are allowed without prior approval from Collin County Development Services.
- Individual site evaluations and OSSF design plans (meeting all State and County requirements) must be submitted to an approved by Collin County for each lot prior to construction of any OSSF system.
- Driveways shall meet culvert permit requirements. Driveways that do not meet culvert permit requirements shall be removed and corrected at the contractor's expense.
- Mail boxes shall meet USPS specifications.
- Street lights that have been approved will not be maintained, repaired, or replaced by Collin County. Collin County will not be responsible for any fees associated with the street lights.
- Collin County will only maintain street signs and poles with current county materials.
- The Homeowner Association shall be solely responsible for the maintenance of the storm water detention pond and components located in the common area lot / drainage easements. The Home Owners association shall further hold Collin County harmless from any damages to persons, to the owner's lot, or any lot arising from such maintenance responsibility. The detention easement shown hereunder shall not create affirmative duty to Collin County to repair, maintain, or correct any condition that exists or occurs due to natural flow of storm water runoff, including but not limited to, storm water overflow, bank erosion and sloughing, loss of vegetation and trees, bank subsidence, and interference with structures. Collin County retains the right to enter upon these easements for public purposes.
- Unless the Finished Floor is noted on the plat, the finish floor elevations of all houses will be at least 18" above the highest elevation of the surrounding ground around the house after final grading.
