Re: Engineering Services Agreement with Halff Associates, Inc. for  
Design of Park Boulevard from F.M. Highway 2514 (Parker Road)  
East to State Highway 78 (Location Map Attached)

The Engineering Department requests Commissioners Courts authorization to enter into an Engineering Services Agreement with Halff Associates, Inc. for design of Park Boulevard from Parker Road east to State Highway 78.

Halff has previously provided design documents for the portion of this road that will cross Corp of Engineers property and were successful in helping us obtain permission from the Corp for future construction.

Their scope and fee (attached) include development of right-of-way documents, design plans for a future 4 lane divided roadway, including a grade separated crossing across the existing Kansas City Southern Railway lines and geotech.

The estimated construction cost for this project is \$30,000,000 and Halff's proposed fee is \$1,700,000. The following budget adjustment will be necessary:
