RE: Award for Refrigerated Morgue Trailer (IFB 2018-343)

The Health Care Services department would like to respectfully request Commissioners' Court approval of the Refrigerated Morgue Trailer IFB. This is a funded project within the approved FY2019 Public Health Emergency Preparedness (PHEP) grant budget. The total cost of the morgue trailer is \$55,208.72, of which \$52,358.00 will be paid using FY2019 PHEP grant funds and the remaining \$2,850.72 will be paid with county funds from the existing FY2019 Public Works (Equipment/Fleet Services) budget.

Trailerlogic LLC is considered to be the best evaluated offer as their refrigerated morgue trailer met our critical requirements for body capacity, racking system, and cooling unit. This one-time purchase is meant to support our public health infrastructure. The trailer will be used by the Medical Examiner's office in response to mass casualty/mass fatality incidents and for essential operations related to transporting and storing human remains.
