The items on this quotation are subject to and governed by the terms of this quotation, the most current product specific scope of use document found at <https://assets.esri.com/content/dam/esrisites/media/legal/product-specific-terms-of-use/e300.pdf>, and your applicable signed agreement with Esri. If no such agreement covers any item quoted, then Esri's standard terms and conditions found at <https://assets.esri.com/content/dam/esrisites/media/legal/ma-full/ma-full.pdf> apply to your purchase of that item. Federal government entities and government prime contractors authorized under FAR 51.1 may purchase under the terms of Esri's GSA Federal Supply Schedule. Supplemental terms and conditions found at <https://www.esri.com/en-us/legal/terms/state-supplemental> apply to some state and local government purchases. All terms of this quotation will be incorporated into and become part of any additional agreement regarding Esri's offerings. Acceptance of this quotation is limited to the terms of this quotation. Esri objects to and expressly rejects any different or additional terms contained in any purchase order, offer, or confirmation sent to or to be sent by buyer. Unless prohibited by law, the quotation information is confidential and may not be copied or released other than for the express purpose of system selection and purchase/license. The information may not be given to outside parties or used for any other purpose without consent from Esri. Delivery is FOB Origin.

158230	1	The ArcGIS GeoEvent Server Jumpstart services package provides up to 3 days of on-site installation support for one instance of ArcGIS GeoEvent Server and the ArcGIS Spatiotemporal Big Data Store and configuration support for a GeoEvent Connector by one Esri consultant. Once the connector is configured the GeoEvent data flow will be tested and a web app template or operations dashboard view will be configured to display the GeoEvent data. During this engagement, it is anticipated that the Esri technical consultant will also conduct knowledge transfer on the following standard topics: Using GeoEvent Manager, Using the ArcGIS Spatiotemporal Big Data Store, Creating and configuring GeoEvent service components, Working with Filters, Geofences and Processors, Working with Field Calculator, Field Mapper, and Incident Detector, Working with Stream Services. A pre-visit questionnaire will be provided prior to the on-site engagement to collect information on the customers current ArcGIS implementation. Topics outside the scope of the ArcGIS GeoEvent Server Jumpstart include but are not limited to: Installation and configuration of ArcGIS Enterprise, Development of a Custom GeoEvent Connector, Application Development. The price includes airfare, hotel, car rental, per diem, and other direct costs. On-site support will be provided at a mutually agreed upon customer location during one trip within the United States on consecutive business days during a single work week. Scheduling will be based on resource availability. Customers will need to prepare in advance for Esri's visit. The Esri Professional Service Packages terms and conditions shall apply. If not attached, or already incorporated into an existing and current Esri master contract, these terms and conditions and preparation requirements can be viewed on the web at <a href="https://www.esri.com/en-us/legal/terms/services/">https://www.esri.com/en-us/legal/terms/services/</a> .,	14,105.00	14,105.00
