From: Jeff B. Durham, Engineering Projects Manager

Re: Request from the City of McKinney for Permanent Right-of-Way and Slope Easements at the Intersection of Bloomdale Road and Community Avenue

The Engineering Department received a request from the City of McKinney seeking additional right-of-way and slope easements at the intersection of Bloomdale Road and Community Avenue.

This right-of-way is required for construction of Bloomdale Road from Community Avenue west to County Road 164. Collin County is providing bond funds to the city for this project.

McKinney has committed to replace or restore any vegetated areas and improvements that are disturbed during construction.

If approved, Judge Hill's execution of the attached right-of-way deeds and slope easement documents is requested and we will be available to answer any questions you might have regarding this matter.
