Re: Mass Gathering Permit – The Vintage Market Show (May 2019)

The Mass Gathering Permit for the Vintage Market Show 2019 to be held May-9-11 at Myers Park has been approved by the Sheriff's Office in regards to proposed security and the traffic plan.

I reviewed the documents and with knowledge of previous events; I feel the traffic plan will be sufficient as recommended. However, the permit calls for two on-site deputies and discussion with the requestor has been completed for a third deputy. Thus, three on-site deputies will be required to ensure proper security and crowd control is maintained.

As long as the Collin County Fire Marshal approves the event, I see no reason to object to the issuance of the Mass Gathering Permit. The traffic plan is a sound consideration to accommodate the coming and going of people effectively.
