**Re:** Constable Body-Cam Replacement and Fire Marshal In-Car Camera Replacement

---

The Collin County Information Technology department requests approval of funding to support replacement of all current Constable body-cam hardware and software with WatchGuard body-cams based on the recent WatchGuard contract entered into with the County in December, 2018 for all Sheriff's Office in-car video and body-cams. We are also seeking to replace two Fire Marshal L3 in-car cameras with two WatchGuard body-cams. Information Technology requests these items to align all County issued body-cams to be standard units provided by a one vendor source.

Funding for this hardware upgrade will be from Project TI03JUS.
