RE: Election Worker Training Compensation

Collin County has completed the transition and acceptance testing of the new ExpressVote Universal Voting System. The new voting system will be used for the first time in the November 5, 2019 General and Special Elections. Because it is a new voting technology, the election workers will need advanced election training on the equipment and procedures. To that end, the Elections Department will be conducting a series of training labs and classes specifically tailored to the new voting system.

The Elections Department is requesting Commissioner's Court approval to pay a one-time \$20 payment to election judges, alternate judges and elections clerks for attending election worker training courses for the November 5, 2019 General and Special Elections. There will be approximately 400 election workers attending training courses. Funding is available in 1033.Contract Elections Fund for the requested compensation to election workers for attending training courses.
