 2. Petition System Agency in writing for an exemption from using the TDVR. Successful petitioners must be currently using a fully operational, ESAR-VHP-compliant, web-based volunteer management system that meets the following federal requirements:
 - a. Must offer internet-based registration;

ATTACHMENT A.4

response efforts. System Agency will reimburse Grantee up to five percent of this Contract funded by the CDC for personnel costs responding to an emergency event. Grantee will maintain records to document the time spent on response efforts for auditing purposes. Allowable activities also include participation in drills and exercises in the pre-event time period. Grantee will notify the Assigned Contract Manager in writing when this provision is implemented.

- N. The non-federal contributions (match) may be provided directly or through donations from public or private entities and may be in cash or in-kind donations, fairly evaluated, including plant, equipment, or services. The costs that the Grantee incurs in fulfilling the matching or cost-sharing requirement are subject to the same requirements, including the cost principles, that are applicable to the use of federal funds, including prior approval requirements and other rules for allowable costs as described in 45 CFR 74.23 and 92.24, as amended.

Grantee will provide matching funds for this Contract of not less than ten percent (10%) of the Contract amount as set forth in **Attachment B, Budget**. Cash match is defined as an expenditure of cash by the Grantee on allowable costs of this Contract that are borne by the Grantee. In-kind match is defined as the dollar value of non-cash contributions by a third party given in goods, commodities, or services that are used in activities that benefit this Contract's project and that are contributed by non-federal third parties without charge to the Grantee.  10. Value the in-kind contributions reported and be supported by documentation reflecting the use of goods and/or services during the Contract term.
- Q.** Not use funds for fundraising activities, lobbying, research, construction, major renovations and reimbursement of pre-award costs, to supplant existing state or federal funds for activities, payment or reimbursement of backfilling costs for staff, clinical care, purchase of vehicles of any kind, uniforms or furniture, funding an award to another party or provider who is ineligible, or the purchase of incentive items.
- R.** Initiate the purchase of all equipment approved in writing by the System Agency in the first quarter of the FY20 Contract term (July 1, 2019 – June 30, 2020), as applicable. Failure to timely initiate the purchase of equipment may result in the loss of availability of funds for the purchase of equipment. Requests to purchase previously approved equipment after the first quarter in the Contract must be submitted to the assigned System Agency contract manager.
- S.** Maintain an inventory of equipment, supplies defined as Controlled Assets, and real property and submit an annual cumulative report of the equipment and other property on HHS System Agency Grantee's Property Inventory Report to the assigned System Agency contract manager by email not later than October 15 of each year.
