Subject: Request to amend direct costs funding distribution

During the May 11<sup>th</sup> meeting, Commissioners Court approved \$50,000,000 in funding for the County's Emergency Program for Direct Costs Expended by Municipalities of \$50,000,000. The supporting documentation, Appendix A, that was part of the order for Direct Costs, had an incorrect formula resulting in a distribution to cities of \$50,114,816.23. I ask that Commissioners Court Order be amended to 2020-401-05-11 from \$50,000,000 to \$50,114,816.23
