Subject: Collin County - Price Increase

In regards to price increases:

Our industry continues to incur numerous increases on the various raw materials that go into servicing our customers with our product offerings. The paper mills continue to operate at a high level of capacity utilization and have increased prices twice already over the past 12 months. Additionally, packaging, labor, glue, fasteners, transportation, etc. cost increases are also ongoing with some of these increases exceeding 10% over the last 6 months alone.

Please know that we appreciate and value your business and are committed to serving your needs long into the future.

Kind Regards,

Noah Robinson
