**Date:** 07/14/2020

**Re:** **24 Microsoft SQL Server Licenses (48 cores)**

---

We are requesting to expand our existing SQL Server environment to support all COVID-19 related database applications. The requested 48 SQL Server cores will become part of our standard enterprise SQL cluster. Purchasing has requested that we take this purchase to court to disclose we would like to utilize the discounted pricing per the existing contract for transparency, and stating the current vendor and coop contract.

We are requesting 24 annual SQL Server licenses (48 cores) from CARES funds until December 31, 2020. We will need Commissioners Court to approve the balance.
