Re: COVID-19 Funding – Project Name: Collin County 2020-342 - County Wireless Upgrade/Installation

The Collin County Information Technology Department would like to request approval to award this project to install the Cisco equipment for the Courthouse, Juvenile Detention, and Sheriff's office detention facilities to upgrade and extend the wireless throughout these buildings. This award will go to the lowest cost vendor, Disys Solutions Inc.

This is a onetime cost for the installation and there will not be any reoccurring cost.

This equipment will be used for social distancing for meetings with Zoom and WebEx to meet COVID restrictions. In addition, this equipment will be used for medical interaction with inmates and for Juvenile they will use the equipment for video conferencing with parents and attorneys.

This is part 2 (labor) of the project in the amount of \$53,814.00 using CARESACT funds. The remaining material for this project is on the 9/14 CC (item 48977) for \$225,063.00. Total project is \$278,877.

Funding source:

IT Department – Account code: GTCOVID19E 2127-040010057-637599
Approved Budget Total: \$510,000.00
Project Total: \$53,814.00
