Re: FY21 Maintenance Contract Renewal Authorization

At the request of the Purchasing Department, Information Technology is requesting Commissioner Court to authorize the renewal of the current maintenance contract with Tyler Technologies for Odyssey Case and Jail Management Maintenance. This renewal, billed separately by the vendor, is the base agreement for the core modules and supported integrations. The FY21 renewal will be budgeted as part of the non-departmental budget request. The core modules and supported integrations maintenance cost is \$567,680.74.

This line item will be included as part of the regular FY21 maintenance request.
