The new P4Xi rifle scope is a compact, tactical optic that is ideal for patrol rifles and AR platforms. This scope features a proven and versatile 4x zoom system with a true 1x that is perfect for close-quarters engagements and 400-yard accuracy at the highest magnification.

High-contrast optics deliver outstanding results under poor light conditions. Steiner's P3TR illuminated reticle is quick pointing and offers 11 levels of illumination for day or night operations.

OPTIC OF THE YEAR!

The Steiner P4Xi won the NRA's Shooting Illustrated Optic of the Year for 2018. "Lightweight and easy to use, the Steiner P4Xi 1-4x24 scope will be a first-rate choice for patrol rifles and AR platforms.... [Y]ou can't ask much more from a quality piece of tactical shooting glass." [Get the details here](#)
