Re: Amendment to Engineering Contract 2020-200

Subsequent to the approval of RFQ 2020-200, Public Works required geotechnical services that were not included in the original scope, specifically performing soil-boring services. Approval of this amendment will add that service to the contract.

Staff is requesting Commissioner's Court approval to amend RFQ 2020-200 to include soil boring services per the attached cost sheet.

Please feel free to ask any questions.

Thank you.
