RE: CARES funding: Town of New Hope

Honorable Court,

The Town of New Hope is requesting reimbursement for expenses the Town has incurred as a result of COVID-19. The expenses they have incurred are due to social distancing using the Zoom platform for a total of \$89.94 for the months of October and November 2020. In addition, the Town also incurred attorney expenses of \$300.00 in connection with writing ordinances to move election dates in compliance with the Governor's order for COVID-19.

I respectfully ask the Commissioners' Court to consider and approve reimbursement of \$389.94 to the Town of New Hope utilizing CARES act funding.
