**Re:** Investment Report – 4th Quarter (FY 2020)

On September 30, 2020, total invested operating, non-operating, and capital project funds of Collin County had a market value of \$856,819,124. As required by Collin County's Investment Policy and in accordance with Government Code 2256, all investments were made with the following objectives in order of priority. First, the safety of the principal and maintenance of adequate liquidity were given the highest consideration. Second, diversification was accomplished by investing county funds into six separate PFIA investment pools (LOGIC, Texas Class, Texas FIT, Texas TERM, TexPool and TexSTAR), as well as by purchasing Certificates of Deposit, Federal Agency Bonds, US Treasuries, and Municipal Bonds.

The weighted average maturity (WAM) for investments was 0.334 years, and weighted yield to maturity (YTM) was 0.532%, which compares to 0.474 WAM and 2.200% YTM for prior year 4th quarter.

During the FY2020 4th quarter, our overnight pools and cash equivalent investments experienced a seasonal increase from the prior quarter by \$63,811,619, due primarily to the timing of property tax receipts. Certificates of Deposit experienced an increase by \$7,377,500 and Bonds increased by \$7,816,393.

Bond investment activity during the quarter consisted of 4 bonds called, 5 bonds matured, and 10 bonds purchased. The total interest earned for all investments during this quarter totaled \$1,132,507.

Attached is our Collin County Quarterly Investment Report which consists of a Statement of Investment Position, a Summary Statement by Group, Investment Details, and Schedules of Investments by Fund.
