Re: TAC Insurance – February Storm Damage

Between February 11, 2021 to February 19, 2021 a severe winter storm impacted the area, resulting in damage to multiple County properties. The initial estimate submitted to TAC, our property insurance carrier, was for \$379,972.28. TAC issued an advance on our claims in the amount of \$100,000 to help cover the costs of repairs until the entire claim is finalized.

This check was received and deposited into the Collin County Insurance Fund on April 23, 2021. I respectfully request a budget amendment to move the entirety of the \$100,000 funds from this account, 5501-03020-0018-88-00-0000-471004, to the County Insurance Expenditure account, 5501-03020-0018-41-30-0000-615907, to cover the costs of repairs for the claims resulting from the February storm damage.

If you have any questions please let me know.
