RE: Letter of Commitment

Dear Ms. Brown,

The City of Lowry Crossing supports NCTCOG's application to FEMA for Cooperating Technical Partner Fiscal Year 2021 grant funds for a flood risk identification study in the East Fork Trinity Watershed. Per the attached funding schedule, City of Lowry Crossing recognizes that there is a 75% Federal funding and 25% local match component and is committed to requesting \$87,560.00 in the city's Fiscal Year 2022 Recommended Budget to contribute toward the project to meet the local match funding target. Should NCTCOG be awarded the grant funds by FEMA and the local match component be approved for the Fiscal Year 2022 Operating Budget, City of Lowry Crossing is committed to participate in this flood risk identification study.

If you need additional information, please feel free to contact me at 972.542.8678.

Sincerely,

A handwritten signature in blue ink that reads "Derek Stephens".

Derek Stephens
Mayor
