Interoffice Memorandum

September 14, 2021

To: Commissioner's Court

From: Rick Monk/ Facilities Director

RE: Amended Construction Standards

This list of Standards for Construction and Facilities has been comprised with the input from our Purchasing, Information Technology, Facilities and Construction Departments. The intent of this document is to obtain Commissioner Court's approval for the items listed under Preferred Manufacturers, Preferred Service Providers, System Requirements, and Office Sizes.

The items listed Preferred Manufacturers are available for competitive bid, various state contracts and cooperatives. The Preferred Service Providers are providers with programs that are specific to the County's current security system and the detention electronic security systems. Items listed under the standard system requirements are performance requirements that we want to be achieve from the design and construction teams. These items are in addition to any of the code requirements that are set forth by Local, State and Federal entities.

If I can be of further assistance please do not hesitate to contact me at extension 5331.
