Brief Description
Funding will be used to support operations for the department's innovative CTD program for victims of human trafficking. The program is a beta, a first of its kind called the CTD Program (CSE-IT, TREAT IT, DIVERT IT), designed for early identification of victims and kids who are high-risk for trafficking, to then provide them and their families with intensive case-management and community-based services for trauma associated with victimization, and to ultimately divert these victims away from the traditional criminal justice system all together.
