

Attachment B-3 to Exhibit B

AT&T Corporation

Contract DIR-TELE-CTSA-002

Item	Pricing Terms and Conditions
1	Additional discounts may be available based on term or volume commitment.
2	AT&T satellite pricing is QoS based with both 99.5% or greater space and bandwidth availability. AT&T satellite has no hidden contention or statistically modeled oversubscription and supports demanding applications that need high or guaranteed committed information rates. AT&T satellite supports FirstNet and critical enterprise business continuity application.
3	<p>Some AT&amp;T Unlimited Data plan subscribers receive a high-speed data allotment or threshold each month prior to the possibility of experiencing reduced speeds from congestion-based data management, while other AT&amp;T Unlimited Data plans have it applied at all times. The per line threshold (if applicable) depends on the plan and possible amounts include 22GB, 50GB, or 100GB. Speed reductions only occur during times and in places where there is network congestion; once congestion clears the network management process is no longer applied.</p> <p>Affected customers can still use Unlimited Data without being subject to overage charges and for plans that have a high-speed data usage threshold, it resets per line at the start of the next billing cycle.</p>

<b>AT&amp;T Sponsored Business ID</b>						

Plan Name/Title	MRC	MRC Description		NRC	NRC Description	Term
	ICB	The AT&T Sponsored Business ID ("SBID") service (the "Solution") is a business caller ID service that enables businesses to enrich their outbound calls with their name, logo and purpose of their call. The Solution is available to AT&T subscribers with phones that are technologically capable of showing the display. There will be two versions of the Solution; 1) SBID Lite and 2) SBID Plus. The Lite version is a text-only business ID that would display the Business Caller ID on the incoming call screen for capable devices.

Item	Amount (percentage or fixed)	Statutory Citation or Authority to assess	DIR Exemption Review (DIR use only)
Federal Universal Service Fee	31.8%	The Federal USF, created by the federal government, is designed to help ensure first-class, affordable telecommunications service for all consumers across the country, especially residents in high cost rural communities and low-income customers. Additionally, the Federal USF provides for discounted telecommunications services for schools, libraries and rural health-care facilities. All telecommunications providers are required to pay into the Federal USF, and their contributions may be recovered from customers.	
State Telecommunications Relay Service (TRS) Fee	\$0.50	Monthly amount collected by AT&T and remitted to the state for those states that require wireless carriers to pay a monthly per-line State TRS fee to the state. The states typically collect these funds to support TRS, which provides telephone accessibility to people who are hearing impaired or speech disabled.	
Texas Universal Service Fund	3.3%	The purpose of these state universal service funds is to ensure affordable telecommunications service for all consumers in the state, especially residents in high-cost rural areas and low-income customers. In certain states, all telecommunications providers are required to pay into these funds, and their contributions may be recovered from customers.	
City/County Sales Tax	8.25%	The Texas state sales and use tax rate is 6.25 percent, but local taxing jurisdictions (cities, counties, special-purpose districts and transit authorities) also may impose sales and use tax up to 2 percent for a total maximum combined rate of 8.25 percent.	
State 911 Fee	\$0.50	per mobile, Telecommunications service providers collect the 9-1-1 emergency service fee of 50 cents per month for each local exchange access line or equivalent local exchange access line, as defined in CSEC Rule 255.4.	
Equalization Surcharge	1%	The current rate is 1 percent of the customer's intrastate long-distance charges each month. The surcharge is applied to the total amount charged for intrastate long-distance service, excluding local, state, and federal taxes. (See Texas Health and Safety Code, Section 771.072.)	
State Cost Recovery Fee	0.345%	Varies by county or city, monthly fees collected by AT&T from its customers to recover costs AT&T pays in taxes and required payments levied by states and local governments. These fees are not a taxes or surcharges which the government requires AT&T to collect from its customers.	
Administrative Fee	\$1.99	The Administrative Fee is a charge assessed by AT&T that helps defray a portion of certain expenses AT&T incurs, including but not limited to: (a) charges AT&T or its agents pay to interconnect with other carriers to deliver calls from AT&T customers to their customers; and (b) charges associated with cell site rents and maintenance. It is not a tax or charge which the government requires AT&T to collect from its customers. This charge is subject to change from time to time as AT&T's costs change.	
Regulatory Cost Recovery Fee	\$1.25 - \$1.50	per line, per month, The Regulatory Cost Recovery Charge is a charge assessed by AT&T associated with payment of government imposed fees and to recover the costs of compliance with government imposed regulatory requirements.	
Cost Assessment Charge		The Cost Assessment Charge is a per-line, per-month fee. It isn't a tax or charge that the government requires us to collect. It helps us recover the costs of supporting and administering government programs and requirements.	

Item	Amount (percentage or fixed)	Statutory Citation or Authority to assess	DIR Exemption Review (DIR use only)
Property Tax Allotment Fee	\$0.31	fee varies between \$0.20 - \$0.45. A monthly fee AT&T charges business/government customers (Corporate Responsibility User lines) to help AT&T recover costs associated with property tax. This fee is not a tax or charge which the government requires AT&T to collect from its customers.
